RE: Levin Terminal Berth Dredging Sampling and Analysis Plan	12/10/2008 12:40 PM

Item Body

Hi Sharon,

I have asked Pacific EcoRisk, our contractor on this project, for the final SAP in PDF format since I only have the draft SAP as an electronic document. Jeff Cotsifas will send the final document to me either later today or tomorrow. As soon as I receive the document, I will send it to you.

Jim

Subject: Levin Terminal Berth Dredging Sampling and Analysis Plan

My colleague in the EPA water division gave me a hard copy of the proposed sampling plan for your berth dredging. Would you please email me an electronic copy of the document? Thanks.

Sharon Lin, P.E.
